RECOGNITION

OUR STORY begins in 1975, when Harvey Sornson shared his "impossible dream" to bring an authentic Danish windmill to Iowa. An army of community volunteers from the Danish villages made this vision a reality in honor of their Danish heritage.

OUR MEMBERS are our strongest supporters. They uphold the legacies of the volunteers who brought our windmill to Elk Horn in 1976. They keep the spirit of Harvey's dream alive, and ensure the preservation of our windmill for future generations to honor and remember.
